

Friday 23<sup>rd</sup> March, 4pm  
Wallace Wurth LG02

*Friday afternoon Seminars Return for 2018 !*

Cheng Hwee Ming,

*Professor of Physiology, University of Malaya*

***“Teaching and Asking Questions”***

*Professor Dr Cheng Hwee Ming is recognised internationally as an engaging and innovative teacher of Physiology. He successfully inspires his students in his speciality of Renal Physiology and in the broader Discipline of Physiology through innovative and fun hands-on activities that help his students to develop a deep learning of the topic. He is famed for his role in developing the International Medical Schools Physiology Quiz to become a major event in Physiology education in the Asian region, with ≈100 university teams participating. He has published a number of peer-reviewed research articles and books on engaging approaches to Physiology teaching.*

All welcome. Drinks and nibbles from 3:30pm, seminar starts, 4pm.
